

THE SITE

Science, Innovation, Technology and Exploration (The SITE)

Opened in 2025 on the South Quad, The SITE is a 137,000-square-foot academic building that features state-of-the-art wet and dry labs, space to expand Quinnipiac's computing programs, new classrooms, collaborative spaces for breakout and group study, and offices for deans and faculty. In addition, The SITE houses a modern auditorium to seat more than 700 people for both university and community events.
