

CARE

The Community, Assessment, Response and Evaluation (CARE) Team is committed to the safety and well-being of our community through proactive, coordinated and deliberate approaches by identifying, assessing, managing and reducing any student interpersonal or behavioral concerns. The CARE Team is a partnership of various university offices that is supported by the Office of the Dean of Students.

Team members include all Residential Life Professional Staff, and select staff from Counseling, Student Health Services, Graduate Student Affairs, Religious Life, Fraternity and Sorority Life, Veteran and Military Affairs, Title IX, Department of Cultural and Global Engagement, and Student Affairs.

CARE referrals are submitted by faculty, staff, students and community members. Referrals range from topics including: helping a student during difficult times such as the passing of a loved one; when a student needs support for their physical, emotional, mental, spiritual, financial health; and/or when experiencing social challenges with roommates, friends and/or peers. More information about the CARE team, behaviors of concern, how to make a referral and answers to frequently asked questions can be found on the CARE page on MyQ. If you are concerned about a peer, student or yourself, please submit a referral using the form provided below.

If a member of the university community observes a student exhibiting concerning behavior, we request that they make a CARE referral.
