This program is for direct entry only. Students accepted into the HSS-DPT program as first-year students may complete the Bachelor of Science in Health Science Studies in four years. All students must complete 120 university credits to include the required University Curriculum (UC) courses, DPT required courses, and required courses in either the Human Movement or Sports Medicine minor. Students must achieve a 3.20 cumulative GPA and a 3.20 average for 48 credits of selected math and science courses for admission to the graduate Doctor of Physical Therapy (DPT) program.

The Department of Physical Therapy Graduate Admissions Committee is responsible for evaluating and ensuring that all early-assurance candidates meet the requirements of the preprofessional component of the program.
